*Care is at the Center of Everything We Do*

***Pacific Care Center*** is dedicated to the physical and emotional well-being of every individual we serve.

Located in Pacific, Missouri, we uniquely offer small town friendliness along with our expert services and convenient, home-like amenities.

The personalized attention our experienced care team provides to both residents and families ensures that every individual's social, medical, and physiological needs are met.

A helping hand is always close and willing to respond quickly to any need at Pacific Care Center. Comprehensive and professional skilled nursing and rehabilitative services are provided in a secure, relaxed environment by caregivers who make our residents their first priority.

Pacific Care Center is committed to making a positive difference in the lives of every resident and family we serve by combining our high-quality skilled services with heartfelt caring.

***"The care is excellent, the facility is clean, and the people are respectful."***

## *Skilled Resident Care*

Skilled Resident Care is our primary service. Our skilled nursing team includes Registered Nurses, Licensed Practical Nurses, and Certified Nursing Assistants who deliver optimal 24-hour care.

Our team works closely with the resident's physician and a complete interdisciplinary team to assess, plan, and coordinate personalized care. Both short-term and long-term care residents receive a wide range of skilled physical and rehabilitative services for their level of need.

Along with these services, the personal attention and compassionate care we provide daily helps our residents meet their highest physical, social, and psychological needs – and gives their families, who place their trust in us, peace of mind.
